FIGHTING FOR THE NEXT GENERATION

At Spring Harvest we're fighting for the next generation, to see them experience Jesus in fresh and exciting ways, to see their lives impacted in a way that changes the future not just for them but for our world too. Here are just some of the stories from young people that came to Spring Harvest this year.

"I never thought we'd be able to come but our friends reassured us that the Additional Needs support is great, so we took a leap of faith and booked. The team were incredible, somehow they forged a trust relationship with my child in a way that the school haven't managed. From not believing God was real my child is now beginning to know Him and wants to learn more. Thank you."

"First time in Youth – it was Amazing! You really are impacting this generation and only God knows the amazing things in store for them. thank you thank you thank you."

What happens when we GATHER?

Every Easter, we come together as one big family of faith - to worship, learn, and laugh. It's the highlight of the year for the Spring Harvest community, a time to reconnect, recharge, and share life together. Jesus meets us in powerful ways, and the experience is truly one of a kind. There's nothing quite like Spring Harvest.

"I've never felt the holy Spirit more. Thank you for reaching even those of us who couldn't be there."
