Ministry Impact

[SPRINGHARVEST.ORG](https://springharvest.org)

It takes a team to do all this. A wonderful, committed, and competent team, who give so much, because they believe in our mission and vision.

This report which celebrates Jesus and His impact in our lives, is achieved through our team, our planning group, our Board and the thousand team and volunteers, the group organisers and the churches that all have a part to play in this remarkable ministry.

As you read this report, there are a lot of numbers. Some of these details provoke questions and it is easy to get drowned in data.

But this report is about people. It's about ministry impact. It's about lives changed as they are "Flipped" in the kingdom of God.

So choose your favourite story from just a small number we list here – and then remember the part you had to play in seeing the great commission fulfilled, the church revitalised and communities transformed as a result of this year's outstanding Spring Harvest festival.

Today, this story stood out to me as I read the report. Tomorrow, another might stand out.

But for now.....

"I am Alastair and have Down's Syndrome. I went to Count Everyone in with my dad every day. He thought it was as good as the evening meetings at Studio36. We want to say a big big thank you to Janneke and her team because she is brilliant and the stories were wonderful. She even made a sign for jet propelled horses. We hope you are not worn out and were also blessed."

We thank those who pray for us because they know it makes all the difference. We recognise the generosity of those who give financially and whose ministry of giving enables so much to be achieved in the ongoing history of the health of the UK church.

Everyone has a part to play. We're grateful to all be in this together and give all the glory to God for all He does in us and through us.

Stories

There was a young girl who spent one of the worship sets crying and being prayed for by a group of friends and a leader. At the end of the set **she felt peace**. She had been abused as a child and her body carried physical scars from the abuse; **after she had been prayed for the scars had disappeared.**

My 8 year old asked Jesus if she could be part of His Kingdom forever. Praising God! Thanks for all your work. Keep going.

Experienced Spring Harvest as a child, young person and adult. Have been a steward, on the kids team, youth team & tech team too. But SH2023 as a parent was a whole other level. **Thank you for your continued and faithful investment in young lives** from a tired but inspired parent!

Thank you soooo much! We had not been for 9 years and I was unsure what to expect, but boy was I blessed. I'm 53 and have been recently diagnosed with CPTSD. All the openness around trauma was so welcome. I've spent all my life trying to fit in, to feel accepted and loved but never totally achieved it. Years ago I had a picture during a prayer event, I was hiding under the table, well all these years later, as Tarn spoke about extending your table/welcome, **I looked Jesus in the eyes and joined him at the table. Life changing for sure. Thank you, thank you, thank you.**

My 14-year-old daughter **feels more secure in her faith** and is ready to take what she has discovered with her into them tricky school classroom moments.

One of the ladies who was watching SH Home the whole week was joining us from intensive care in hospital, and **while she was watching, she came back to Jesus.** A gentleman called Alistair also came back to Jesus while watching with his wife.

My 8-year-old daughter has had an awesome week. She gave her life to Jesus. We go to church as a family. So I asked her what was different. She said **“Before, I knew about God, but this week I met him.”** She woke up on the morning after making a commitment to follow Jesus, and immediately was reading her Bible, instead of playing on her tablet.

To the Skegness youth team, thank you. My 14-year-old daughter loves Christian festivals but not church. **After Spring Harvest she is saying she will try church and youth again.** Thank you!

I spent most of the service in tears **seeing children and adults fully engaged in worship, praying for others.** It was amazing! I shall be taking back so many new ideas and practices, but most importantly, I have felt afresh God’s heart and love for children. Thank you!
