

# SPRING HARVEST

## Sound & Video Intern

---

Spring Harvest believes all ages should have a great experience in every venue. We have a dedicated team of professional engineers who work long hours to make this a reality.

We are looking for competence in the following areas:

- Sound
- AV
- Lighting
- Song words operatives

Although training will be given, you should demonstrate a knowledge of understanding of the following areas:

- Basic knowledge of digital sound desks
- Basic knowledge of computers and projectors
- Live AV and/or PA experience
- Setting up and packing down of technical equipment
- Ability with operating song words a bonus
- Be willing to learn and give your best, potentially for long hours
- We advise that this role will be most enjoyed by those who have a Christian faith, anyone taking up the post would need to be fully accepting of the Christian content of the event

### **Benefits for you**

- You will receive free accommodation and food for the duration of your placement at the Spring Harvest event, and your travel expenses will be covered to a capped amount of £80
- You will get to showcase your skills alongside professionals and a leading UK production company
- A pre-site training day and further training on site
- The chance to be part of the wider team and build relationships with those having similar interests
- Access to the Spring Harvest programme – both where placed and in free time.
